

# Will the caribou go the way of the buffalo? Or will you save our Arctic way of life?

**I**F oil drillers invade the Arctic National Wildlife Refuge, the Porcupine Caribou Herd will suffer. Our people have relied on these caribou for

a thousand generations, so we will suffer, too. Please, help save the caribou...and our culture. Don't let Big Oil send us the way of the buffalo.

## THE GWICH'IN PEOPLE

*Our culture has respected the Arctic for 20,000 years. Will yours?*

**How can your call help save the Refuge?**

**Ask the Gwich'in Steering Committee (907) 258-6814.**
